Science club Years 3-6 - Thursday 3.30- 4.45pm

Science Club will run this term as of Thursday 29th September until Thursday 15th December. All Year 3 -6 children are welcome. (Please note due to Parents evening there will no club on the 6th October.)

The club aims to inspire students and engage them in all aspects of science. It will provide an opportunity to see and take part in aspects of science that it may not be possible to do during normal lesson time. Across the curriculum there will also be activities which link strongly with STEM (science, technology, engineering and mathematics). There will be an emphasis on fun learning of science with standalone activities and project work.

If your child would like to join Science Club please return the slip below to Mrs Postlethwaite. If you will be picking up your child in person then please come to the school reception at 4.45pm.
